

team up *with tremains*

***tremains is well known for giving
back to the local community***

Team up is designed to help organisations generate funds, without having to spend money or time on resource-draining fundraisers.

When someone associated with one of our team up organisations lists their property for sale with one of our sales consultants, they simply register that organisation with us, and at point of sale, we'll give \$500 to the organisation.

List and sell with Alicia, and choose the SPCA to receive \$500.

Let's help our community stay strong and have the best facilities for education, sport and youth development. Team up with Tremains.

ALICIA KENNEDY
